### **NOTICE OF REISSUANCE GENERAL PERMIT 89-05 AMENDMENT #3**

The U.S. Army Corps of Engineers, Omaha District, is reissuing General Permit 89-05 to the general public for duck blind construction and related activities. The effective date will be September 1, 2005. See the attached copy of the permit for the project description and permit conditions. The detailed project description for ponding/sandbar development has been revised by adding the following statement: Any sidecasted material from pond or sand bar development will raise the elevation by no more than 12 inches above natural ground level. Special condition 5 has been added, restricting construction work in critical habitat for the piping plover to a time period of August 20 to the end of the hunting season. Special conditions 5 and 7 of Amendment #2 were deleted regarding threatened and endangered species. Special conditions 3, 4, 5, and 6 of Amendment #3 provide adequate safeguards for threatened and endangered species.
