of Engineers**
Omaha District

Effective Date: July 1, 2002

Wyoming Regulatory Office 2232 Dell Range Blvd., Suite 210 Cheyenne, Wyoming 82009

WYOMING REGULATORY OFFICE
NOTICE OF PERMITS ISSUED, DENIED, SUSPENDED OR WITHDRAWN
APRIL 1- JUNE 30, 2002

<u>File No.</u>	<u>Applicant Activity - Waterbody - County</u>	<u>Permit Action</u>	<u>Date</u>
200140206	Robert MacLean Construction of four barbs along an island to deflect river flows and protect existing riparian habitat. Authorized work includes the discharge of approximately 2180 cubic yards of large rock to be used in the construction of 4 barbs. The excavation of approximately 2450 cubic yards of river gravel is also authorized with approximately 810 cubic yards of that material to be used in the construction of the 4 barbs. The construction of temporary cofferdams using material dredged on site to divert flows around the work area is also authorized. Located in the Snake River in the SW ¼, Section 14, Township 40 North, Range 117 West, Teton County.	Issued	4/30/02
200140320	Canyon Club, Inc. Construction of the Canyon Club Golf Course and Planned Residential Development (PRD). Authorized	Issued	6/14/02

activities for the golf course development includes construction of cart paths, fairways, tees, greens, water features, and underground utilities. Water features include the excavation of three ponds, modification of an existing pond (Ranch Pond), and artificial stream channels. Authorized activities in the PRD include the construction of building pads, access roads, driveways, and installation of underground utilities. Fish habitat enhancement activities are authorized on Martin Creek. Bank stabilization activities on the Snake River involving the construction of up to 12 bendway weirs involving the discharge of approximately 7,620 cubic yards of rock are also authorized. Construction of all authorized activities involves the placement of fill into 1.45 acres of wetland, excavation in 1.71 acres of wetland, excavation in a 2.12-acre area of Ranch Pond, and fill in a 0.36-acre area of the Snake River. Located in portions of Sections 8, 16, and 17, Township 38 North, Range 116 West, Teton County.

During the period covered by this public notice, the Wyoming Regulatory Field Office authorized 7 projects under the provisions of the regional general permits available for use in Wyoming. The office also verified 430 projects to be done in accordance with the Corps nationwide permits applicable and available for use in Wyoming.

Anyone interested in knowing if an activity observed in a waterway or wetland in Wyoming has been authorized by an individual, regional, or nationwide permit is encouraged to contact the Wyoming Regulatory Office. Responses to such inquiries will be facilitated if the individual inquiring is able to provide the location of the activity by quarter, section, township, range and county or the name of the individual or organization responsible for the work.

An Environmental Assessment or Environmental Impact Statement, if such was required, and a Statement of Findings and/or Record of Decision were prepared on each of the issued permits listed above and are on file in the Omaha District, Corps of Engineers, Wyoming Regulatory Office, 2232 Dell Range Blvd., Suite 210, Cheyenne, Wyoming, 82009. Copies of these documents are available and can be obtained upon written request.

Please contact the Wyoming Regulatory Office at (307) 772-2300, if you have any questions or need further information concerning this notice.
