Duck Creek Road

July 17, 2025

Current Construction Activities:

Century crews utilized a grader to blade and smooth out the road shoulder along Duck Creek Roadway following a recent storm event earlier this week. The roadway is nearing subgrade elevation and has been maintained in a serviceable condition during the Governor's Cup Fishing Tournament.

Upcoming Construction Activities:

Paving operations are anticipated to begin around 7/24. In addition, crews will begin pugmill operations to produce stabilized aggregate and will prepare the site for stabilized aggregate placement.

grader to blade along Duck Creek Roadway

Subgrade elevation

Work Schedule:

Monday- Friday, 7:00 am - 7:00 pm No construction July 4th-13^h,

Delays and Closures: (Please Have Patience During Construction)

Delays: Expect short delays Monday thru Friday. Flagger and pilot cars will be used to control traffic
